- Safety Case review is progressing on track
- Submission due October 2017

### 3. Personal injury

- ZERO recordable injury since May 2016

### 4. Loss of Containment

- ZERO recordable containment loss since October 2015.

## ■ Regulatory Compliance

### EPA:

- Update on Clean-up plan submitted to EPA on 28/4/2017
- Feedback for Major Industry Assessment has been submitted to the EPA on 8/5/2017

### Worksafe:

- No reportable event
- 2 oversight visits
- Fully compliant with 1 Improvement Notice on cathodic protection.

### City West Water:

- Full compliance to Trade Waste Agreement for 2017 YTD.

## ■ Improvement Plan

1. Installation and commissioning of new loading gantry
  - a. New gantry cage design incorporating “removable floor” to eliminate uneven surface.
  - b. North Loading Gantry has been commissioned, registered with WorkSafe – April 2017 and fully operational.
  - c. South Loading Gantry is undergoing installation

2. Mini turnaround in May 2017 (2 weeks) to complete inspections.
3. Complete site noise and asbestos survey
4. Waste audit to assess management practices
