COMPANY UPDATE

1. Dow Chemical became independent from DowDupont on April 1st 2019
 - This was a planned “spin off” that was announced when Dow and Dupont merged in 2017
 - There is no change to the Altona operation
2. Personal Injury Performance
 - ZERO recordable injuries since May 2016
3. Loss of Containment Performance
 - ZERO recordable containment loss events since March 2018

REGULATORY COMPLIANCE

- EPA

- No remedial notices issued since last update
- License compliance assessment completed in December 2018

- WorkSafe

- Altona Site completed the Annual Major Hazard Facility Annual Inspection in January
 - ✓ No major findings
- WorkSafe also conduct quarterly oversight visits
- There have been no reportable events

- City West Water

- No exceedance of discharge limits since last update
